Do what matters

Values Unearthed

Leadership Coaching Packages

Our customized coaching packages enable leaders to adopt core values, address performance-limiting blind spots, and amplify their impact and productivity in today's demanding business landscape.

Key Outcomes

Enhanced Leadership Effectiveness

Equips leaders with tools to address counterproductive behaviors, adapt to challenges, and boost productivity.

Personal Growth and Authenticity

Encourages leaders to discover and embrace their core values, fostering more authentic leadership, engagement, and alignment with organizational goals.

Resilience and Untapped Potential

Enhance resilience and agility, enable leaders to maximize their potential, make informed decisions, and achieve unparalleled success.

Included

- Platinum individual packages
- 5 or 10 coaching sessions

Values-Driven

Team Excellence Workshop

Our value-based model unlocks untapped team potential, enhancing performance by pinpointing and addressing blind spots, and realigning team responsibilities and outcomes during transitions or strategic pivots.

Key Outcomes

Productivity Boost

The workshop improves team performance by addressing blind spots and enhancing productivity and overall wellbeing

Enhanced Connectivity

Emphasizing value alignment deepens team connections, fostering effective communication and collaboration.

Custom Solutions

Our tailored workshops strategically align team needs with organizational goals using sophisticated data analysis, enhancing overall effectiveness

Included

- Individual Value Atlas for each team member (chosen from packages)
- Group Team Report

Organizational Value

Centric Analysis

Our values-based analysis utilizes a heatmap to visualize organizational dynamics, revealing strengths, identifying blind spots, and empowering action for improved wellbeing and peak performance

Key Outcomes

Cultivating Positive Culture

The analysis cultivates a happy and engaged workforce, fostering an environment where employees actively participate as stakeholders driving corporate profitability.

Values Visualization

Using a heatmap, the analysis visually represents an organization's dynamics, revealing its unique values and cultural insights

Maximizing Strengths, addressing biases

Strengthening emotional intelligence and addressing shared blind spots improves overall financial intelligence for leaders and employees, embodying the equation $IQ + EQ = FQ$

Included

- Platinum individual packages
- 5 or 10 coaching sessions
